EXAMINER'S AMENDMENT

1. The application has been amended as follows:
 - In claim 5, line 12, (Amendment A , page 3), "said internal circuit" has been changed to
---said **control** circuit---

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Prior Art, alone or in combination, fail to suggest *a semiconductor memory device having externally settable operation mode for selecting one of N operation modes, and operate in said one of N operation modes as recited specifically in claims 1 and 5. The device comprises a selection circuit for selecting an operation mode from N operation modes when an input signal indicate said operation mode, and for selecting a predetermined operation mode from said N operation modes when the input signal is an undefined signal. The device also includes an internal circuit operating in operation mode and predetermined operation mode selected by the selection circuit, wherein the selection of the predetermined operation mode prevents malfunction of the internal circuit when the input signal is an undefined signal.*

Serial Number : 08/862,298
